CABLES UNDER CONTROL - POWER SOCKETS FORM GTV

Fed up with tangled cables?
Extra power sockets have become essential in modern interiors. Nowadays more and more electronic devices such as computers, telephones and other appliances are present in our offices. As a result these items occupy much more space, so to hide unwanted cables the best solution is to use discreet desk power sockets.

GTV offers a wide range of sockets:
- corner mounted
- recessed: round or rectangular - designed to be mounted directly on the desk top, with pull-out or pop-up function.
