

Moblek

Elevating Style, Enhancing Experiences

Simple, integrated and elegant

WHAT WE DO

Elevating design, our elegant wireless charging solution — patented in over 35 countries — integrates perfectly with the style and décor of each establishment, propelling them toward technological modernity.

We elevate the customer experience and set a new benchmark for style, simplicity, and functionality.

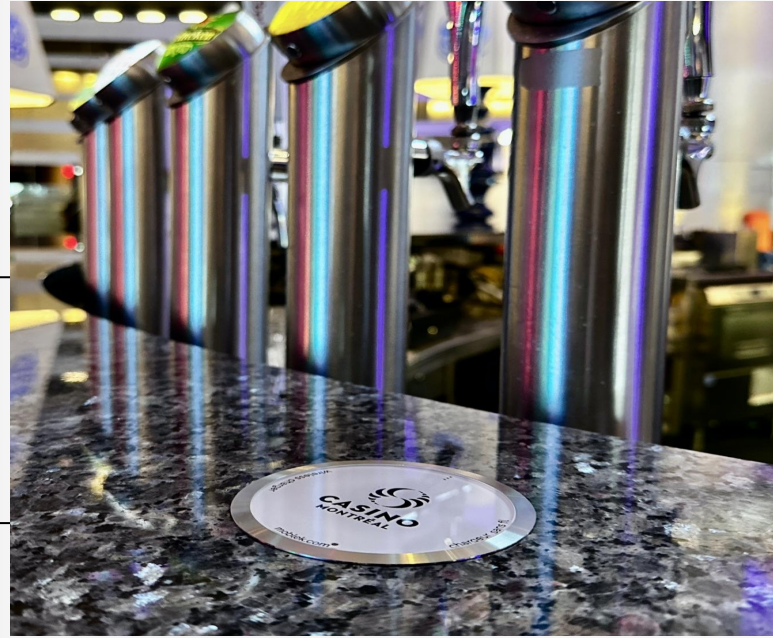

The customizable and interchangeable surface offers not only wireless charging but also a powerful communication and branding tool.

No more plugs. No visible wires.

No more calls to reception from guests struggling with incompatible outlets — or because they forgot their charging cables.

WHAT IS MOBLEK ?

Accessible

Moblek's technology is compatible with over 300 different phones and accessories, providing an efficient and high-quality 15W charge for all devices, including those within the MagSafe ecosystem for Apple phones.

Innovative

We are the global leader in wireless charging technology, holding exclusive patents on design and concept in over 35 countries. We have a 10-year history dedicated to the continuous improvement of our solution according to the highest standards.

Reliable

We stand by our product and have attained certification above and beyond what is legally necessary. Our devices have been tested by global technology leaders for exceptional performance and safety.

Easy Integration

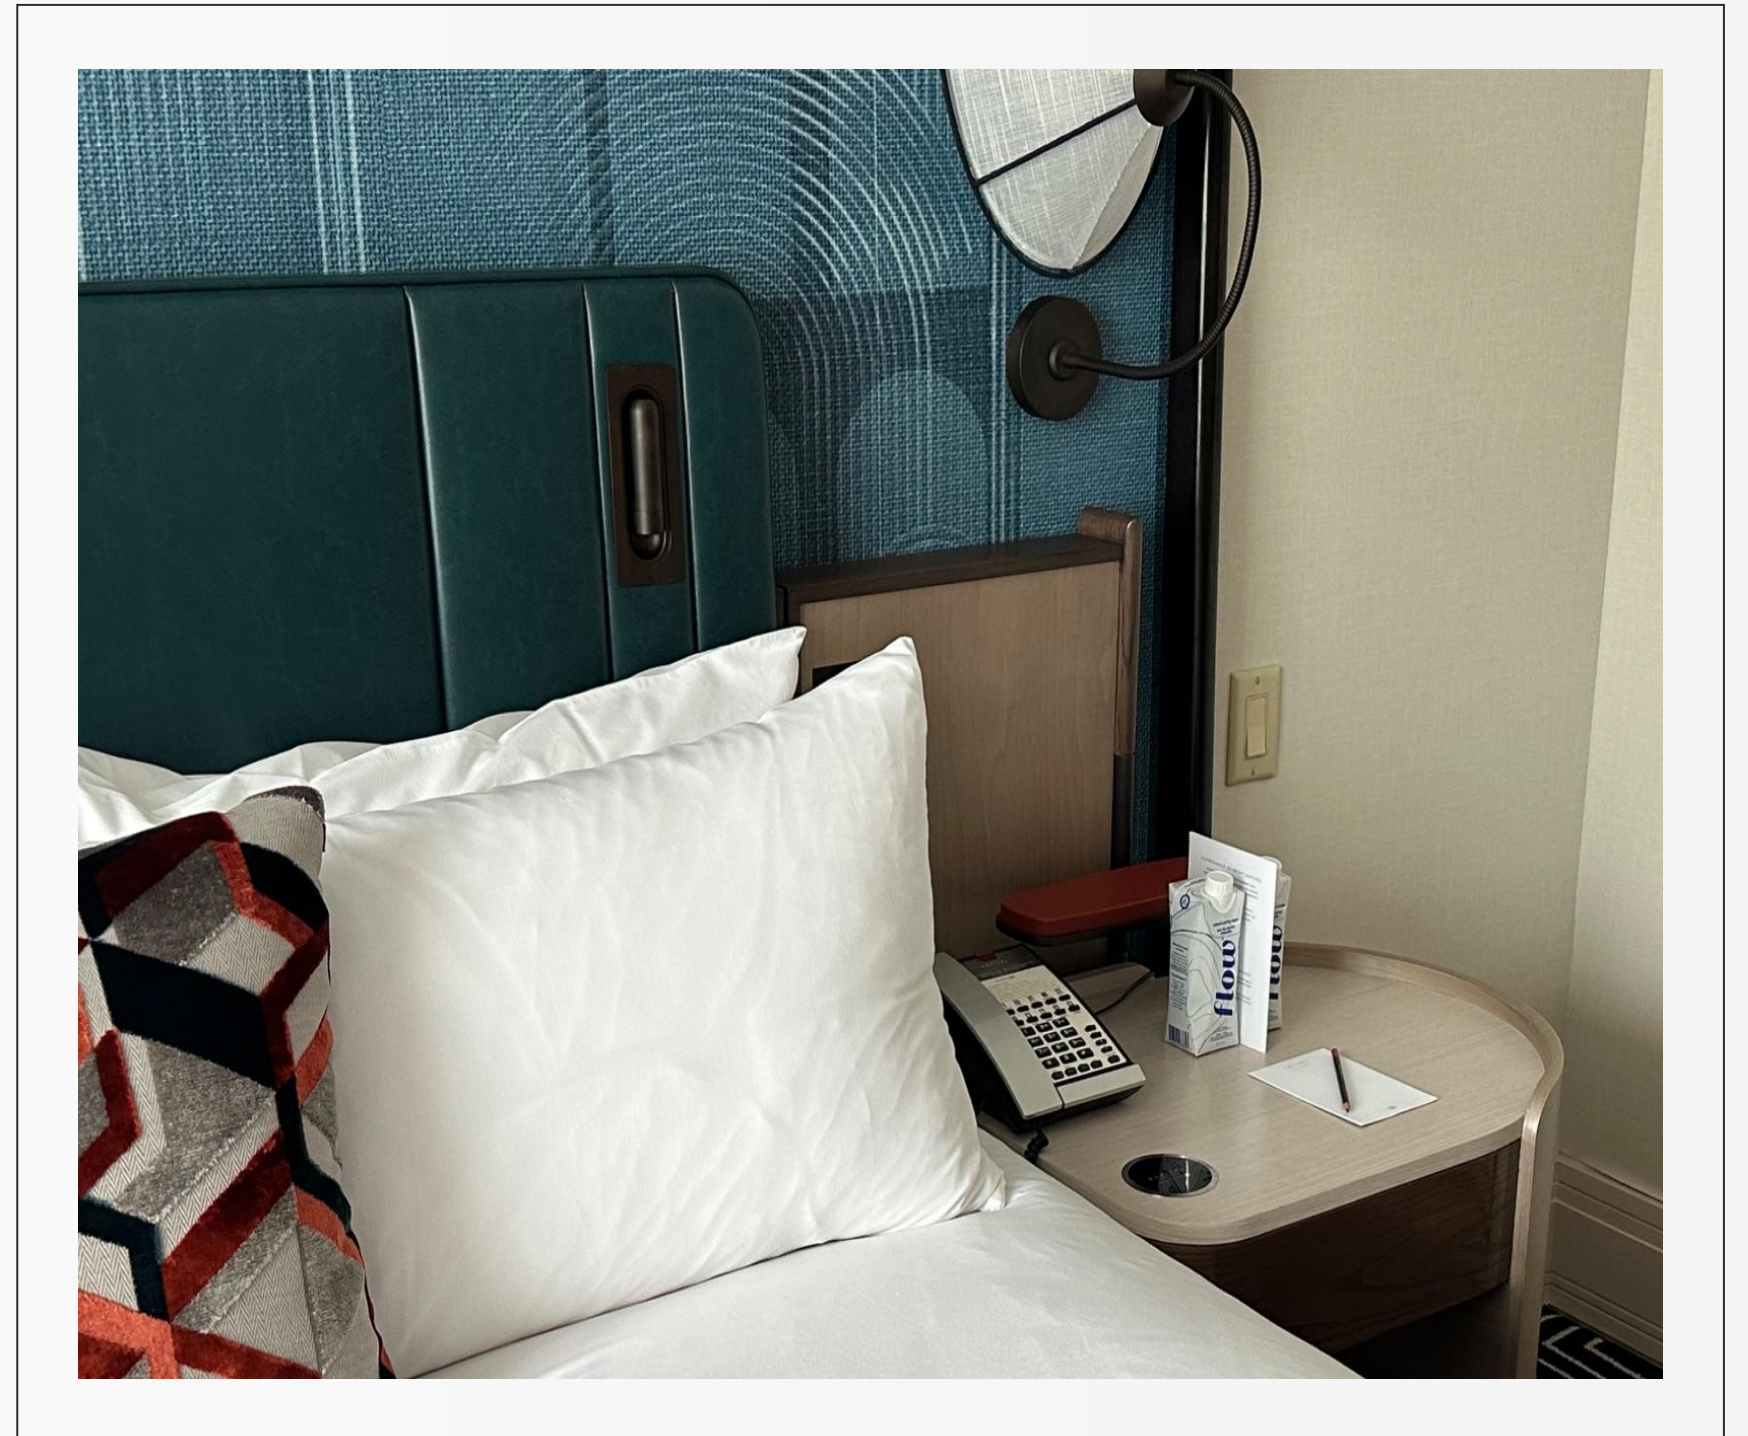

We work with you to integrate the product into any applicable environment to ensure 100% satisfaction.

ACCESSIBLE

Our cutting-edge technology allows clients to charge wirelessly their device safely and quickly.

It can be easily merged in to existing and planned designs to seamlessly provide the highest tech and nonintrusive charging solution.

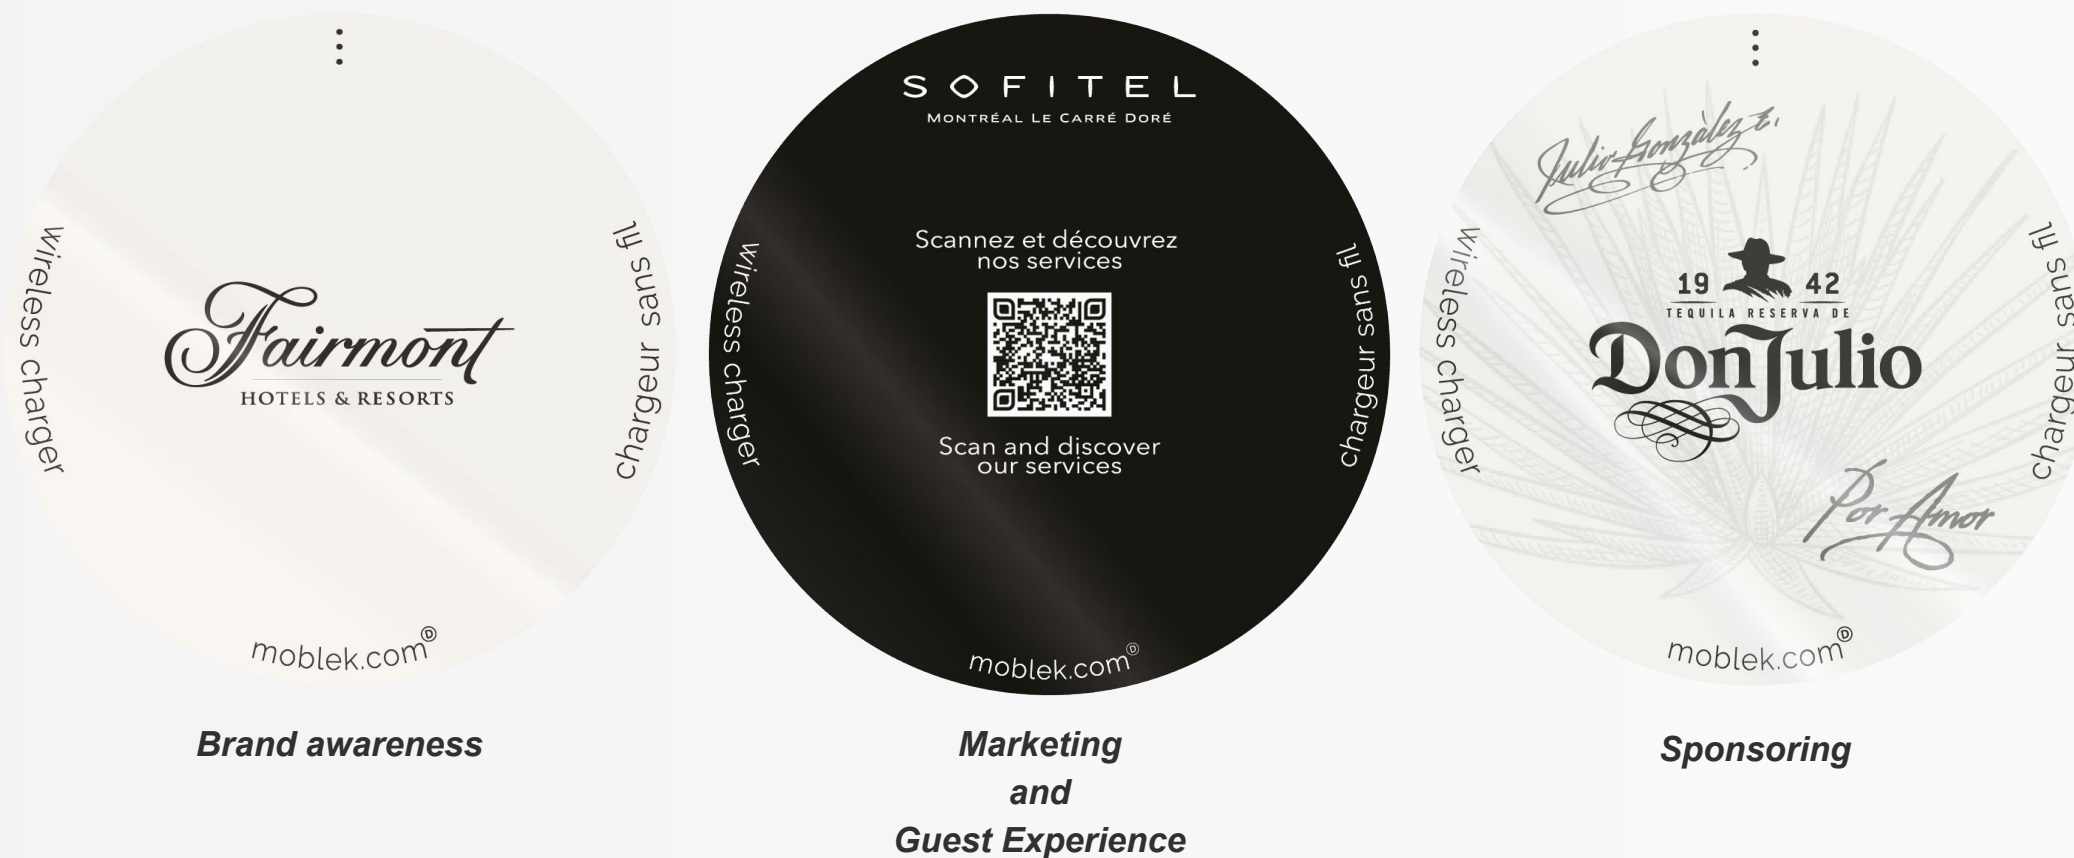

It can be personalized to include your brand, event promotions, QR codes or any other message you may want to convey.

CUSTOMIZABLE SURFACE

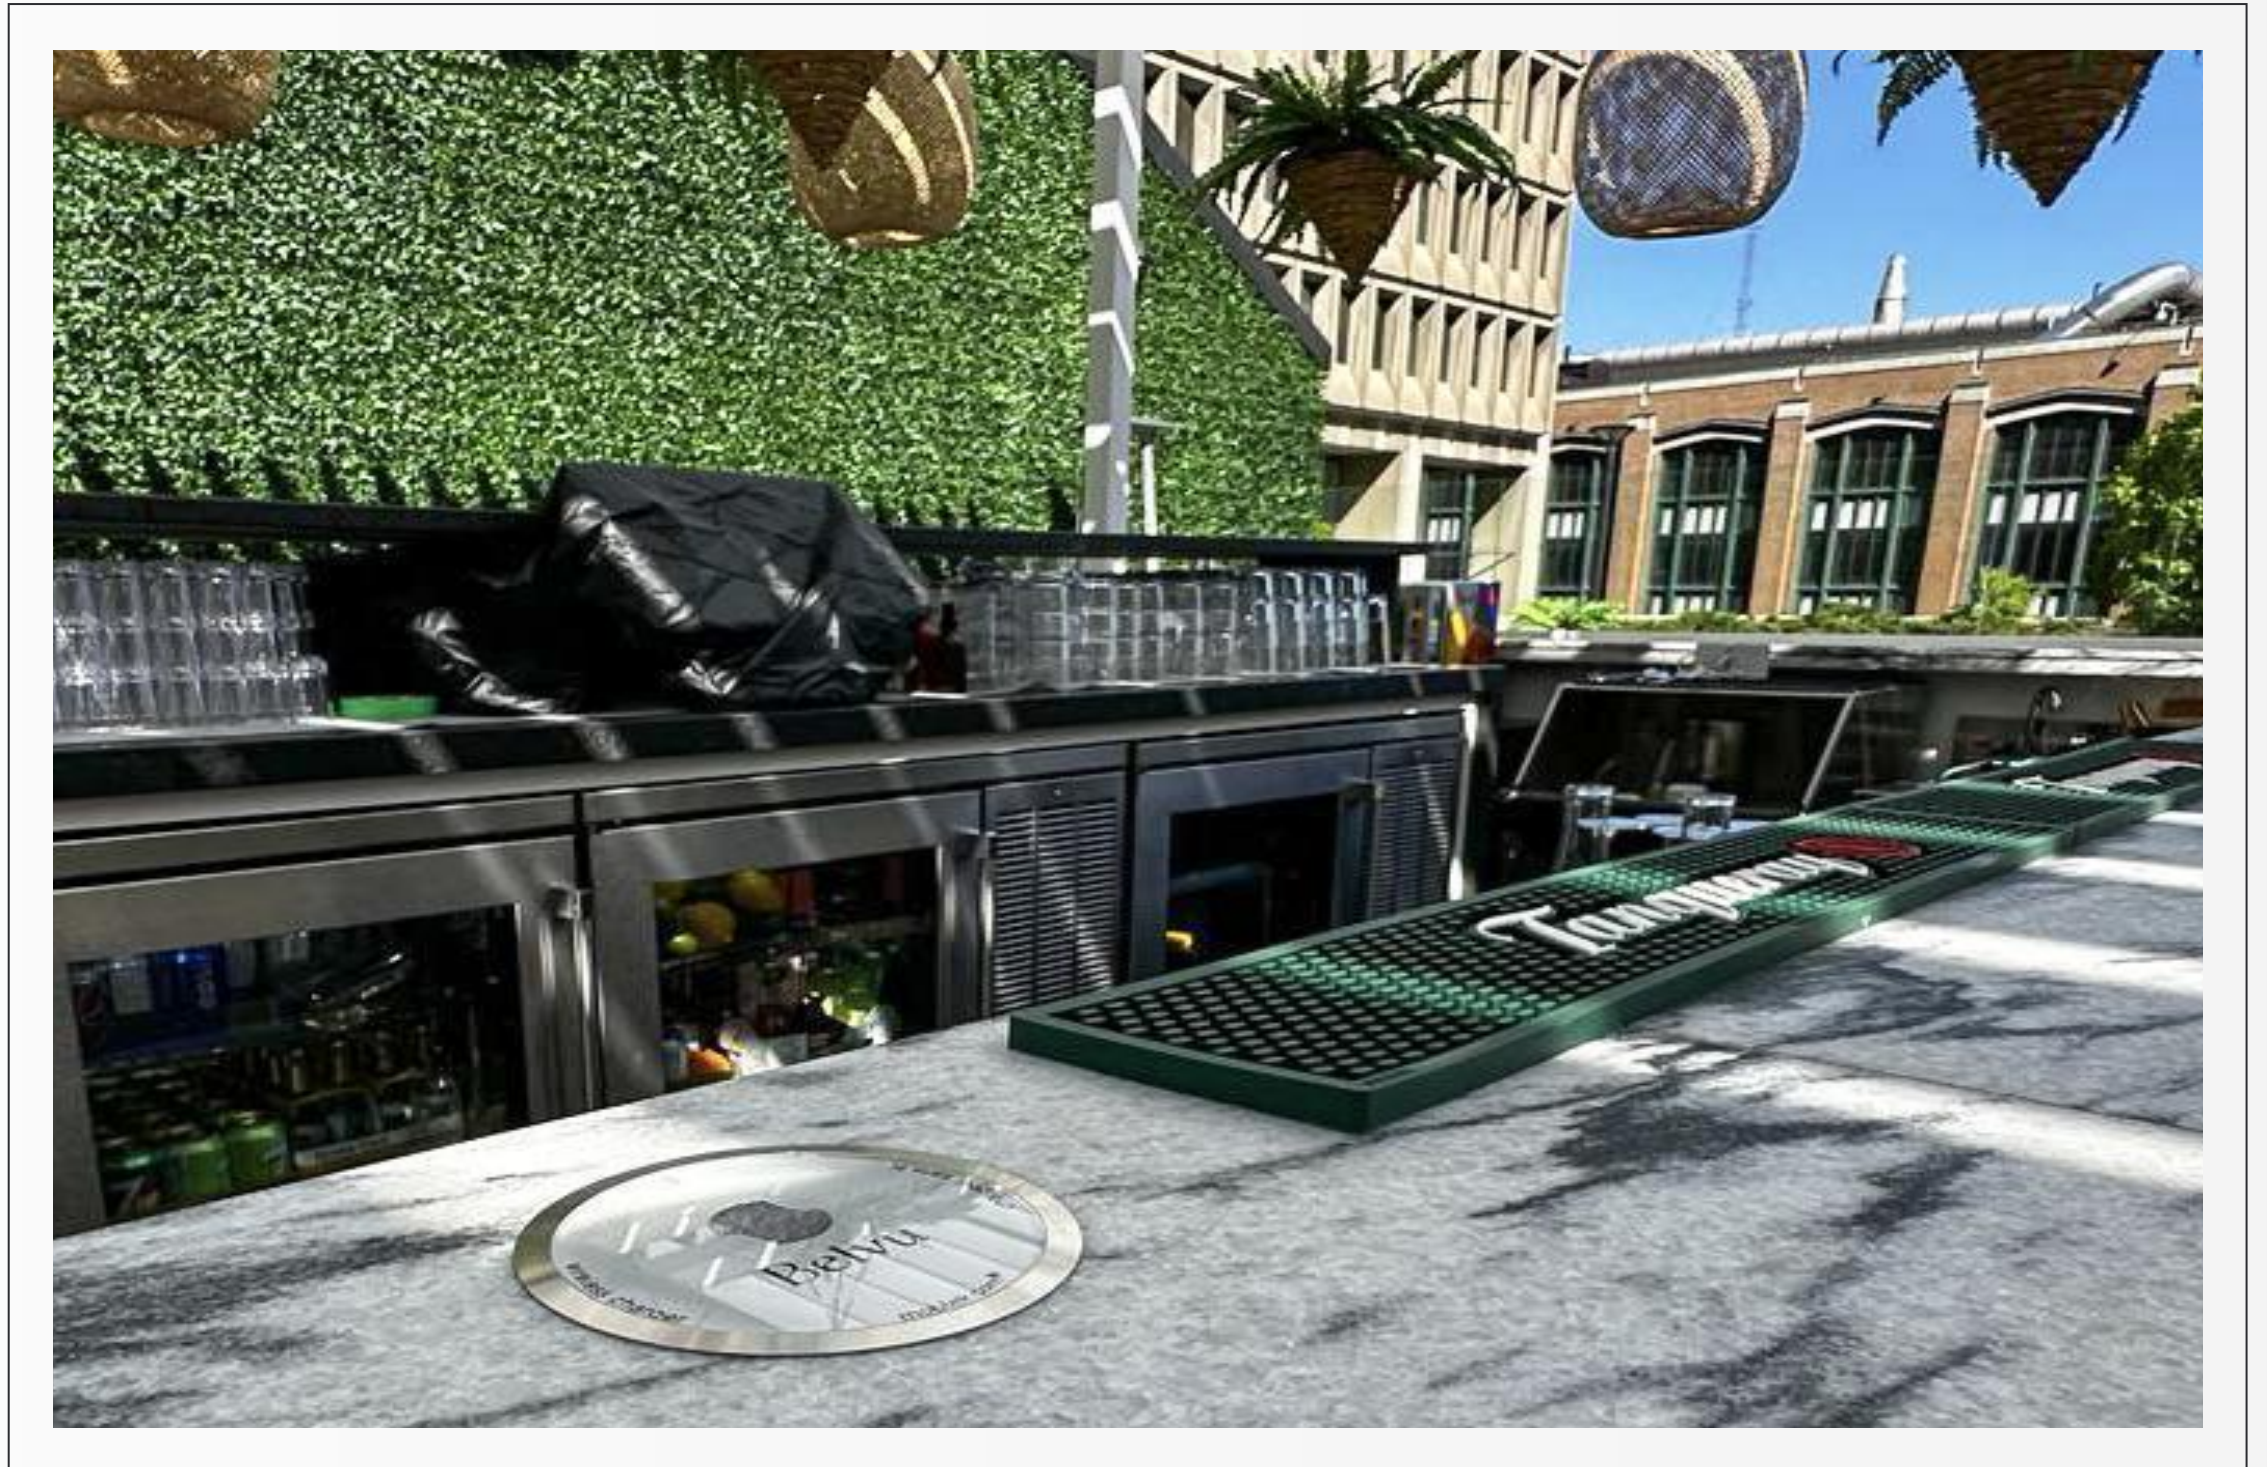

Enhances your company's brand visibility wherever it is installed. The customizable and interchangeable surface effectively engages clients in a meaningful way.

This allows it to not only be used as a wireless charging solutions for phones and headphones but also as an exceptional marketing concept.

HOSPITALITY FIRST

Our wireless charging solution has seamlessly enhanced diverse spaces, from prestigious hotels and bars to upscale restaurants, airport lounges, stadiums, malls, trade shows, car dealerships, and modern offices. Our Canadian-made product has found a home from the Sofitel Reforma in Mexico City to the Mandarin Oriental in Barcelona, reflecting our commitment to creating the finest product in our category.

The Belvu Terrace

INNOVATIVE SOLUTION

Mass marketing exposure in every establishment, seen by many clients sitting at the bar, with the added bonus of charging their phones.

It would be a **new way to promote your audience** through a unique, patented new product.

No need for charging cables anymore; **you would save the day!**

It would peak clients' curiosity, **promoting news and products** through our elegant charging surface.

Moblek's charging solution could **help acquire new dealers and contracts.**

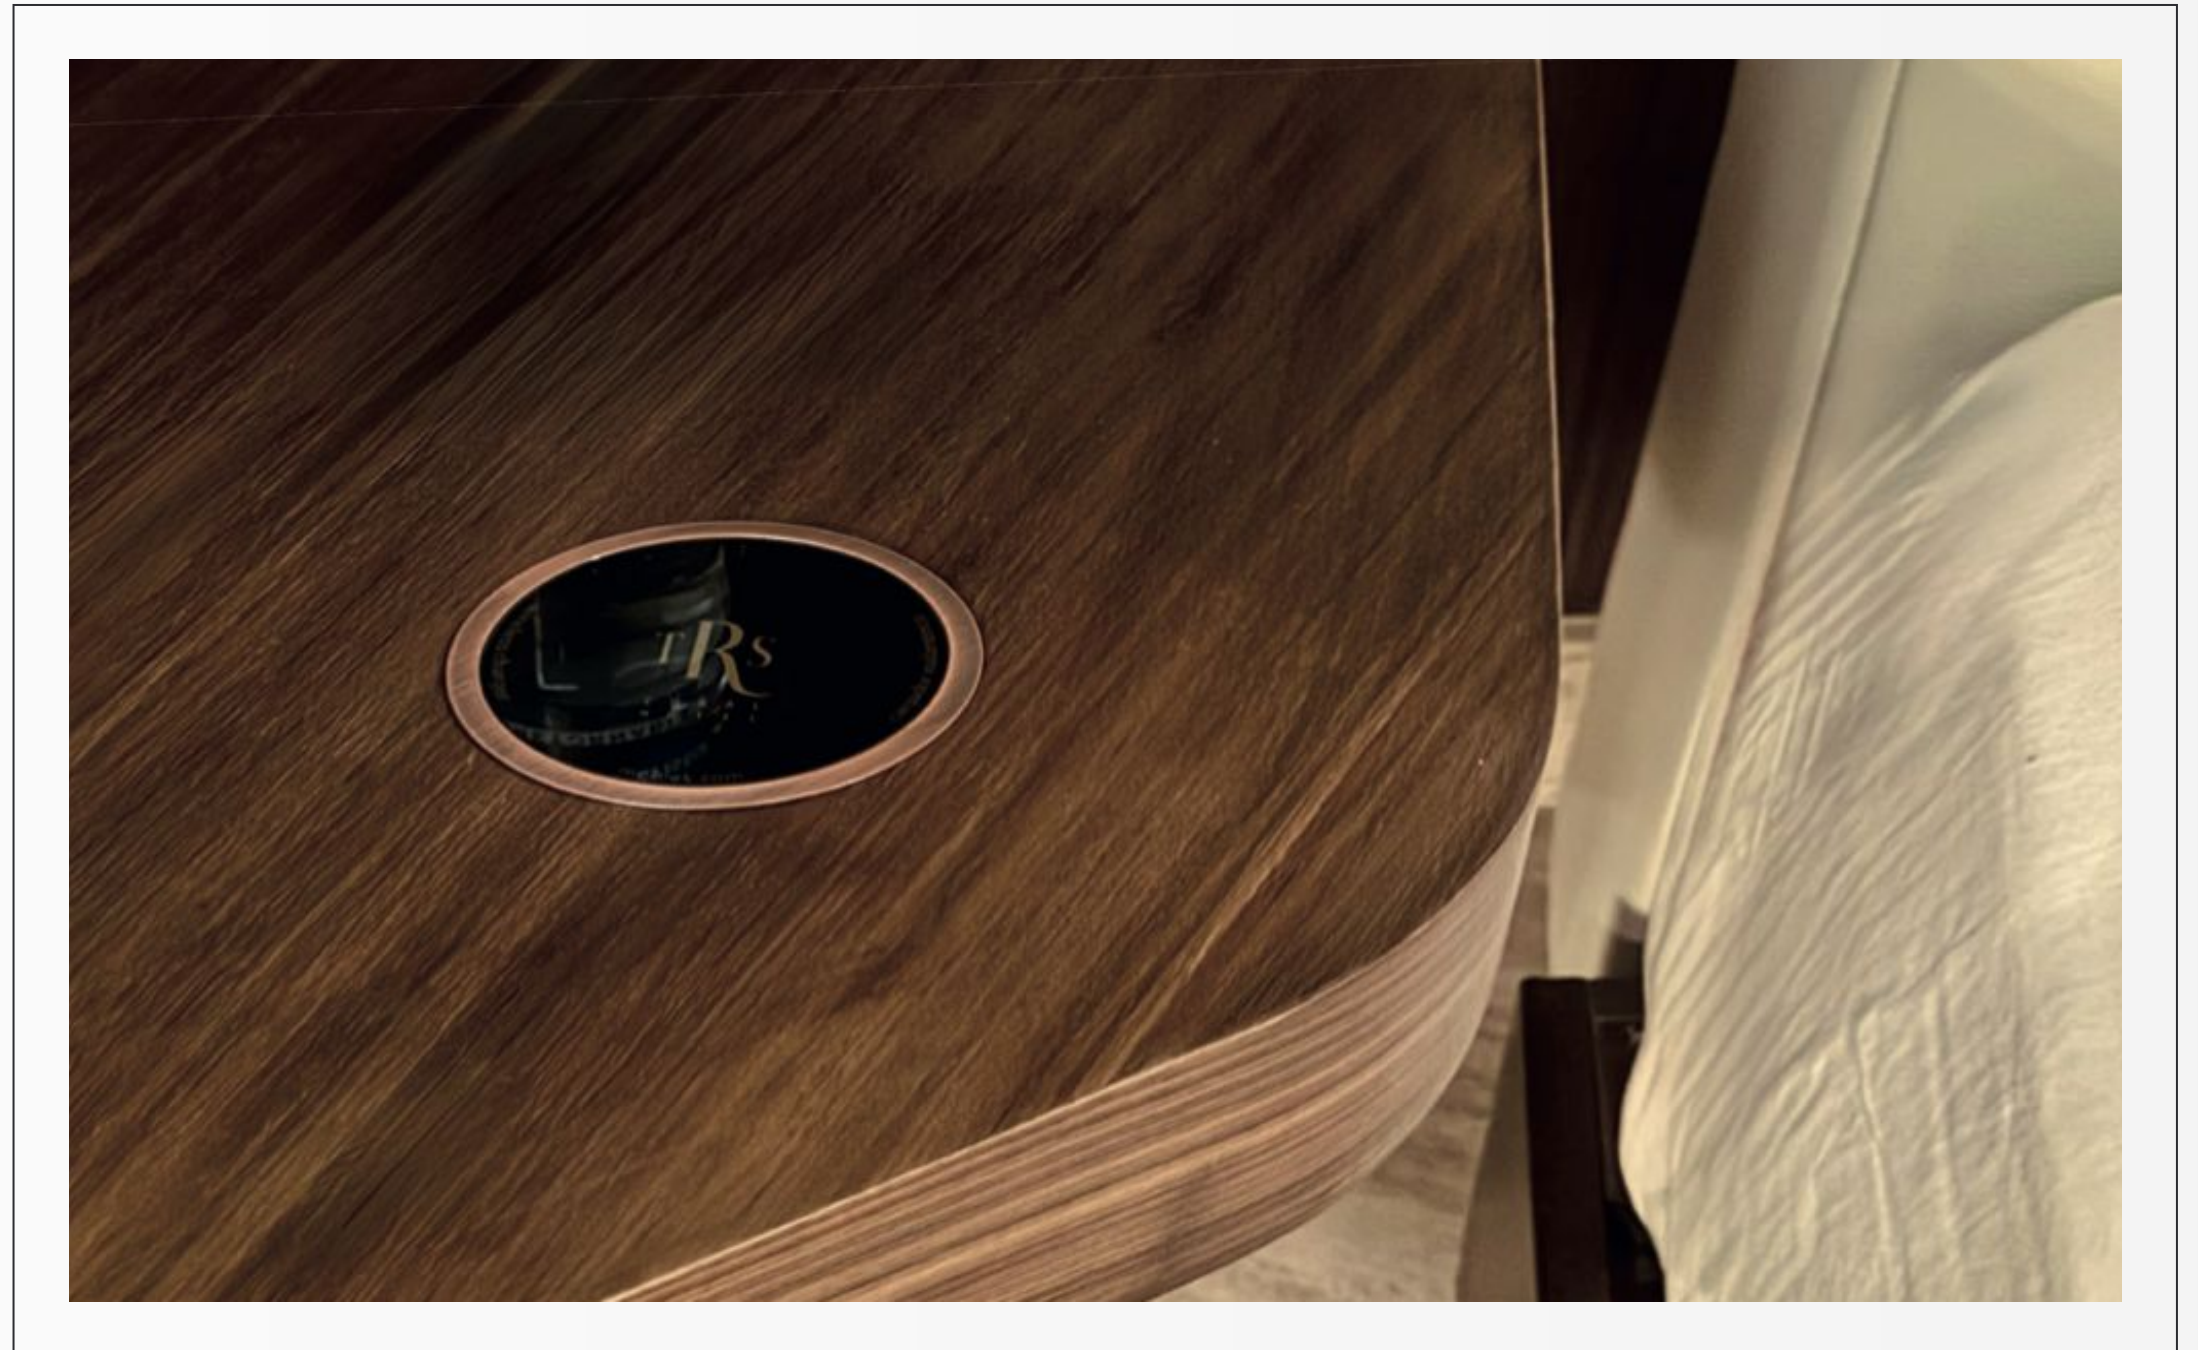

QUALITY MATERIAL AND DESIGN

We prioritize quality and durability by using premium materials like stainless steel 316 and tempered glass.

The finish can be plated in various styles, such as Anodized Black, Matte Black, Bronze Antique (shown on this page), and more to complement any decor.

Our solutions are designed and assembled in-house, using only Moblek's parts, including technology, cables, and wall chargers

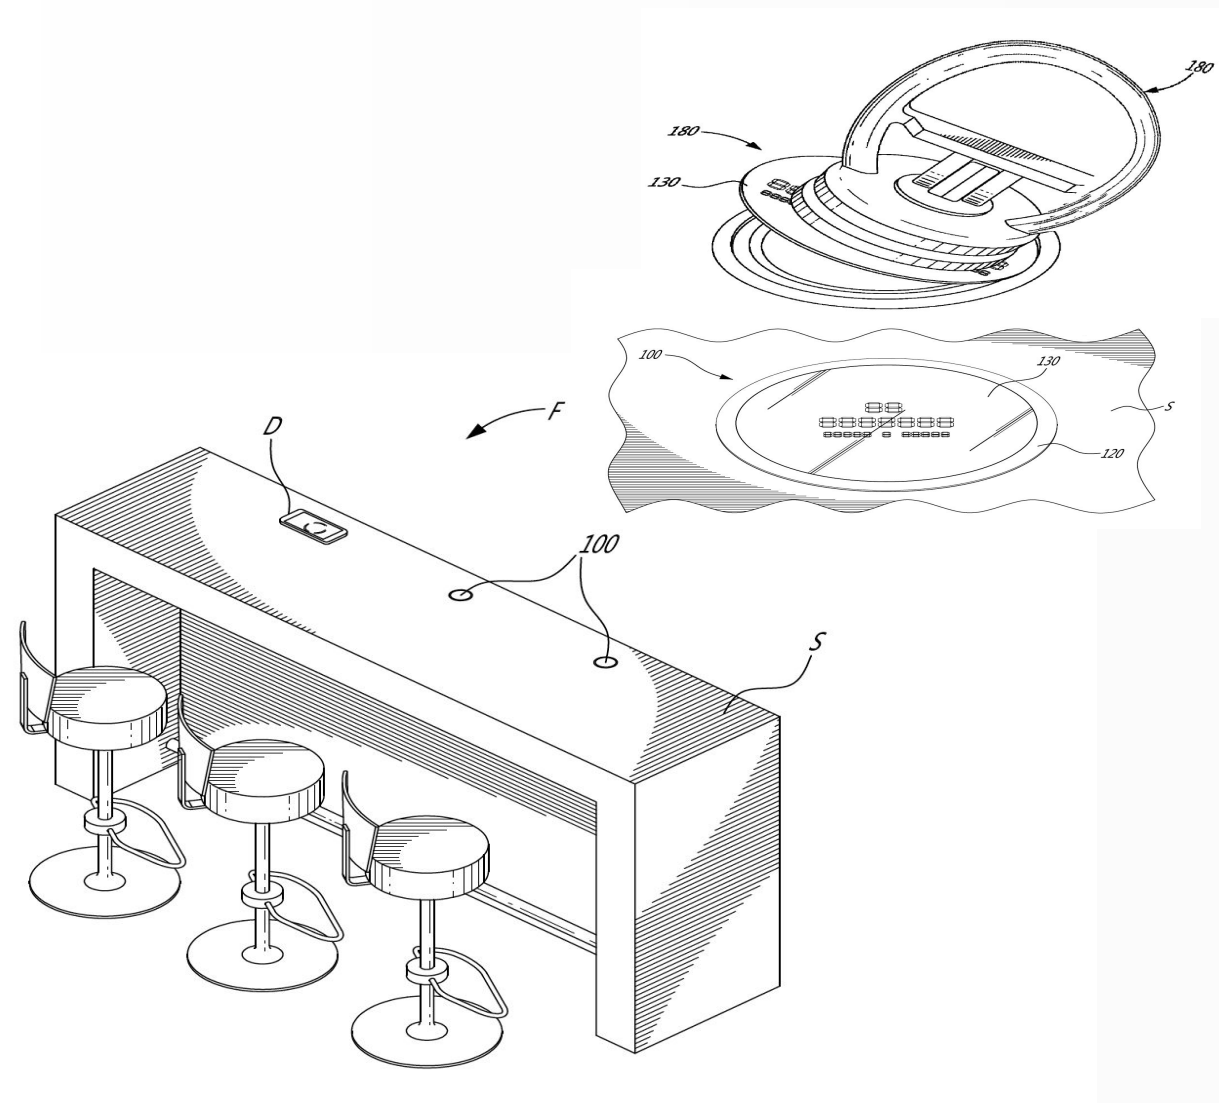

TRs Coral Resort - Costa Mujeres Mexico

RELIABLE

No product on the market has as much thought and innovation put in to it as Moblek. Our clients choose us over all competition because we have taken the time to certify, test and innovate our product and use quality parts and materials. This commitment to excellence is why we have successfully partnered with some of the world leaders in luxury hospitality and consumer goods. Our product is water resistant allowing it to be installed in any kind of environment.

EXCLUSIVE PATENTS FOR INCORPORATING WIRELESS CHARGING INTO SURFACES WITH A UNIQUE CONCEPT AND DESIGN.

Our unique **patented concept for interchangeable surfaces**, combined with our **registered and protected design**, sets us apart as the only provider in the market across multiple countries.

TESTIMONIALS

"We have installed the Moblek solution in our suites and executive floors, and we will be finalizing the hotel next year. From my perspective, it is a true added service for the guests at a moderate cost and a technology that won't become obsolete in the short/medium term, and our clients appreciate it."

Sylvain Chauvet
General Manager
Sofitel Mexico City Reforma

"The wireless charging solutions are very much appreciated by our clients. Gone is the mess of cable. You have made my clients very happy and you can consider myself a satisfied customer"

Martin Nadeau
Restaurant Owner
St-Hubert Restaurants

"The installation of the Moblek wireless charging system at the Marriott Château Champlain made it possible to offer our customers a state-of-the-art fast charging service that blends perfectly with the design of the hotel. Easy to use, the installation by the Moblek team was done quickly and without hassle."

Kaven Sousa-Dias
Director of Operations
Montréal Marriott Château Champlain

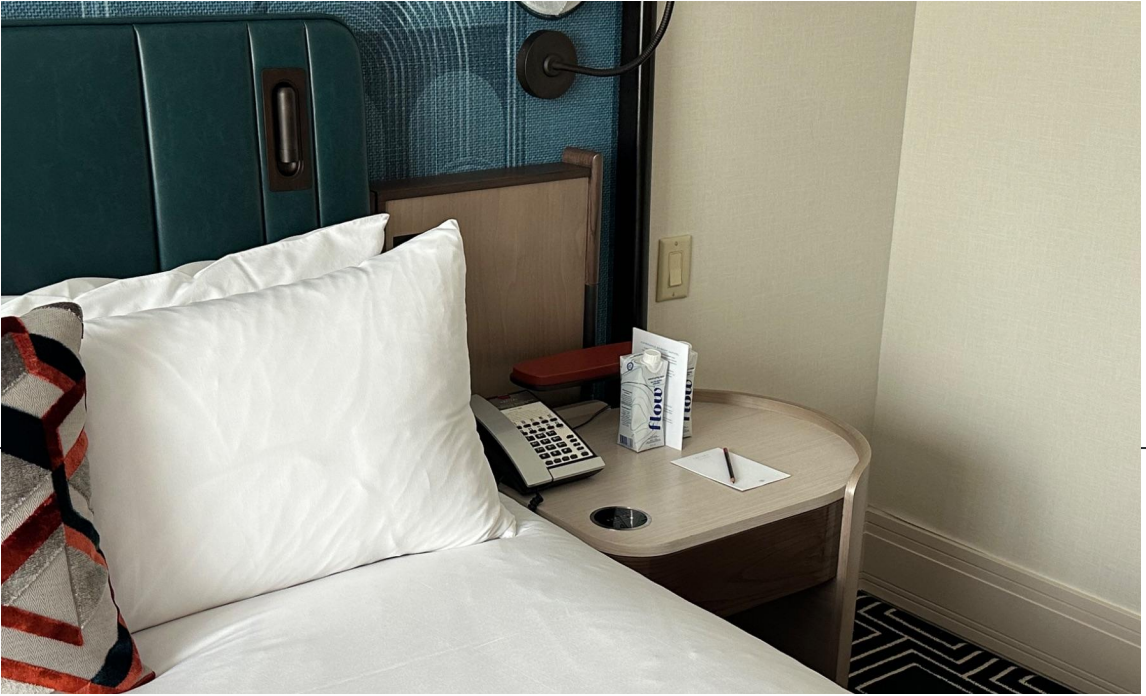

"Over the past few years, we have integrated Moblek's wireless charging solution into the bar surfaces of over 25 of our restaurants. Moblek offers a modern, practical, and one-of-a-kind solution that allows our customers to easily charge their phones while enjoying their drinks. We are very pleased with this aesthetically pleasing and durable product that seamlessly fits into our bar surfaces. It also enables us to promote our brand and provide our clientele with an added service."

René Labbé
Senior Director of Continuous Improvement
La Cage Brasserie Sportive - Groupe Grandio
